MODERN DESIGN THAT SPARKS WONDER

PlayStax™ are more than just playgrounds; they're secret forts where friendships are made, fears are conquered, and discovery play is encouraged.

PlayStax™ were designed with a kid-built aesthetic, bringing to mind the forts kids make in their living rooms after they've scoured their homes for supplies. PlayStax take kid-built forts a step further by adding modularity, height, and play value in unexpected places. Children's imaginations will run wild as they explore their ultimate clubhouse.

1 THEMED ROOMS

Children will think they've found their dream fort as they explore adventurous play paths through specialized rooms.

2 MODULAR & SCALABLE

PlayStax® contain three different modular levels with an available standalone option, and they adapt to NU-edge® and KidBuilders® systems.

3 KID-TESTED

Kids are our most important critics—that's why we had a play test to incorporate their ideas into the final PlayStax™ design!

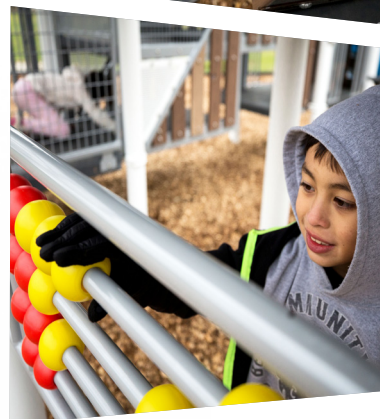

4 SAFETY

Mesh enclosures support an exciting sense of perceived risk for children while providing caregivers with excellent lines of sight.

5 PLAY VALUE

PlayStax™ aren't just about height; with plenty of ground-level play elements and exterior play, there's something to do from the ground up!

Make a structure up to three levels tall; PlayStax™ are modular and scalable, giving you the freedom to create a PlayStax tailored to your play space.

Give Your PlayStax™ an Edge

Increase the kid-built aesthetic—and the fun—by connecting NU-edge® components to your PlayStax!

NU-edge systems are designed around the striking dichotomy of both nature and city life. With towering rooftops, nature-inspired play events, and non-linear climbing paths, this bold fusion is the ideal complement to PlayStax.

- A. THEMED ROOMS**
Imaginations will run wild as children explore mission control, tinker in the garage, and more!
- B. CONNECT TO OTHER SYSTEMS**
PlayStax™ are compatible with NU-edge® and KidBuilders® components, giving you more options to create the perfect playground.
- C. ROOF**
Top your central climber off with the PlayStax roof.
- D. STACKABLE CENTRAL CLIMBERS**
Use just one central climber, or stack up to three—the choice is yours!
- E. TUNNEL SLIDE**
Increase the fun with a KidBuilders® compatible slide.

MATERIALS

Translucent Polycarbonate Panels

This tough, attractive polycarbonate features durable stucco finish with pebbled texture.

Compression Molded Plastic

Long-lasting and full of detail to capture kids’ imaginations.

11-14 Gauge Galvanized Steel

The strength and durability of steel combined with a zinc coating to resist rust.

Faux Wood Accents

Natural-looking wood accents, made of durable materials without the maintenance concerns of real wood.

Vinyl Coated Deck

All decks receive a vinyl coating that reduces heat transfer and minimizes aging and corrosion.

Compound Resin

Compound resin gives our rotomolded products superior strength, durability, color, and UV resistance.

Colors are subject to change without notice. The color swatches are for reference only, and are an approximation that do not reflect the properties of physical materials, and can vary when printed. For more information on color samples and the most up-to-date specifications consult your local representative. Little Tikes Commercial uses high quality materials and state-of-the-art manufacturing processes. Commercial playgrounds and products are subjected to years of environmental and solar exposure. Such extreme exposure takes its toll on paints and pigments, and all colors will fade over time. Little Tikes Commercial does not warrant against color fading or discoloration. It is important to properly maintain your playground to ensure its longevity. Depending on environmental conditions at your location, the installation of fabric shade structures may help to delay fading and discoloration. Little Tikes Commercial is a division of PlayPower, Inc.

COLOR

Post and Accent Colors

Our post and accent colors are achieved with a multi-layer paint application process that combats rust/corrosion and ensures a long-lasting finish.

Red	Yellow	Tropical Yellow	Orange	Lime
Chartreuse	Green	Forest Green	Teal	Azure
Blue	Cobalt	Lavender	Plum	Beige
Sand	Brown	Dark Brown	White	Silver
Light Gray	Metallic Gray	Black <i>(Roofs Only)</i>		

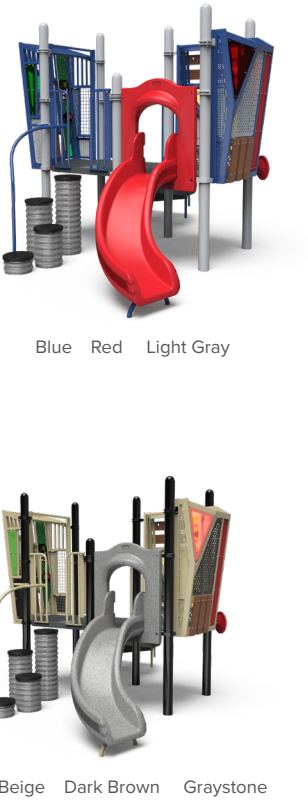

Plastic Colors

Our plastic colors are produced with a compound resin, UV stabilizers, and anti-static guard for superior color fastness, strength, and durability.

Red	Yellow	Tropical Yellow	Orange	Lime
Chartreuse	Green	Forest Green	Teal	Sky
Cyan	Blue	Cobalt	Lavender	Plum
Beige	Brownstone	Brown	Dark Brown	White
Graystone	Silver	Gray	Black <i>(Posts & Clamps Only)</i>	

Color Palettes

Give your PlayStax structure a unique flair with these color palettes.
