Discover the Magic of Play

Fun Doesn't Flourish Alone

When you step onto a climber, it's your friends that turn the ground into lava. When you soar on a swing, it's your mom and dad that push you to the stars. No matter what play adventure you have in store, it's your community that makes it magical.

Our community has transformed how we play, too. Thanks to our partners, we create play with a purpose. We invent products that help kids develop crucial life skills. We design experiences that welcome all ages and abilities. We reimagine the routine of everyday as something truly extraordinary. Together, we're dedicated to empowering and inspiring communities like yours for years to come.

After all—with magic, anything is possible.

At Little Tikes Commercial, we're powered by purpose.

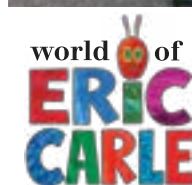

That's why we're proud to partner with premier nonprofit organizations dedicated to making a difference in communities across the globe.

Kids Around the World is a nonprofit organization that refurbishes playground equipment and supplies it to communities in need.

Unlimited Play is a nonprofit organization that assists communities in providing inclusive play for kids of all ability levels.

The World of Eric Carle is a design-driven licensing and merchandising program based on the picture books by Eric Carle.

Alex's Lemonade Stand Foundation funds research, raises awareness, and supports families affected by childhood cancer.

Founded by the parents of Alexandra "Alex" Scott in 2005, Alex's Lemonade Stand Foundation (ALSF) raises awareness of childhood cancer, funds impactful research, and supports families affected by it. Our partnership began in 2015 with the creation of Alex's Lemonade Stand Panel, honoring Alex's original lemonade stand that raised over \$1 million for cancer research.

With every panel sold, Little Tikes Commercial donates \$100 to ALSF's mission and inspires countless children to follow in Alex's footsteps.

Find out more about our partnership at LittleTikesCommercial.com/ALSF

Play is more than fun—it’s how children grow.

Through our partnership with Unlimited Play, we’re ensuring every kid has the opportunity to do so. Unlimited Play is a non-profit organization that helps plan, design, and build universally accessible play spaces where kids of all abilities can play together. By providing inclusive play in your community, you’re empowering kids to discover new strengths, encouraging neighbors to become friends, and establishing a sense of understanding that will last for generations.

Since partnering together in 2016, our reach has extended beyond the playground. In addition to designing inclusive play equipment and play spaces, we provide a number of resources that bring inclusion to every corner of your community.

See products from our partnership on pages 126, 129, and 178.

Unlimited Play Curriculum

Filled with age-appropriate activities for all grade levels, our Unlimited Play Curriculums support educators as they incorporate inclusive playgrounds into their lesson plans.

Continuing Education

Our continuing education course, Inclusion & Unlimited Play, teaches you everything you need to know about giving everyone in your community the chance to play together.

UP North American Showcase Sites

Designed to represent the standard of inclusive play across North America, our Platinum- and Gold-level playgrounds come with Unlimited Play’s free support in areas such as marketing, fundraising, and outreach.

Discover more about our partnership at LittleTikesCommercial.com/Unlimited-Play

Kids Around the World (KATW) is a non-profit organization dedicated to sharing joy and hope worldwide. KATW brings the gift of play where it's needed most by sourcing and refurbishing playgrounds from the United States, and delivering them to underprivileged communities. Oftentimes, it will be the first playground these children experience. To date, KATW has built over 1,320 playgrounds in over 90 countries.

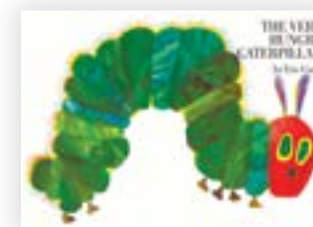

Little Tikes Commercial team members at the playground builds in Panama.

Through our partnership with the World of Eric Carle, we bring the author's most beloved works from the page to the playground. Kids can climb on the back of The Very Hungry Caterpillar™, get inspired by a Carle-themed play space, or physically follow along his journey through StoryBook Trail signs. Whichever form the story takes place, this collection encourages children to build new skills, think creatively, and interact with reading in a whole new way.

The World of Eric Carle is a design-driven licensing and merchandising program based on the picture books by Eric Carle. Trusted by generations of parents, teachers, librarians, and children, The Very Hungry Caterpillar™ and Carle's other timeless storybooks come alive through colorfully creative products, designed to inspire very hungry young minds.

Crickets

Catch crickets, fireflies, and even a frog with Crickets—an interactive game designed to bring kids of all ages and abilities together. Thoughtfully designed for inclusive play, this kid-powered equipment provides an unforgettable experience for your entire community.

Anyone, regardless of age or ability level, can participate in this game. The buttons feature visual and auditory signals, and are located at a range of heights. The playfully themed design is also thoughtfully spaced to provide visual appeal and accessible pathways.

1 Power Up

Spin the central handle to start the game, using the instructional graphics for guidance.

2 Discover

Listen for cricket chirps and look for firefly flashes! Each creature has a unique signal, so keep your eyes and ears ready—especially for that croaking frog!

3 Collaborate

Work together to catch all the creatures before time runs out. Buttons are located at a range of heights to accommodate all players.

4 Celebrate

You did it! Enjoy a celebratory light show with friends before playing again.

See Crickets in action! Watch the video at LittleTikesCommercial.com/Crickets

Versa Builders™

Available in a variety of themes, Versa Builders™ provides an immersive play experience that brings kids of all ability levels together. Interactive and social play opportunities are located both on the structure and at the ground level—ensuring a new discovery at every turn, for everyone.

The base unit of each Versa Builders™ structure features the same activities. An accessible spiral staircase with a transfer step and bar provides an easy route to the upper level, where themed look-and-find activities are located. Sensory play panels are located at the ground level to inspire social play between kids of all ability levels. Overhead rungs and ladders are also located throughout to challenge eager climbers.

Discover more details at LittleTikesCommercial.com/Versa-Builders

Choose from 2 new themes!

Geo

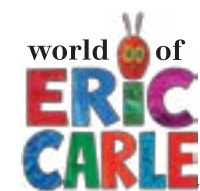

From a cirrus-filled skyline to an evergreen forest, strategic coloring can help Geo transport kids anywhere in the world. Its natural charm and thematic cutouts in the roof encourage kids to pay close attention to their environment.

Met

Featuring contemporary design, Met creates an eye-catching aesthetic that attracts visitors from across your community—but the modern touches don't stop there! With thoughtful coloring, Met works perfectly alongside our variety of NU-Edge® products to bring out the best of natural and urban environments.

Discover more immersive designs on [page 72](#).

Eric Carle Playground

Created through our partnership with The World of Eric Carle, this collection of play components allows you to create an entirely themed play space instantly engages a child's imagination. Compatible with our Kid Builders® and Play Builders® products, kids can satisfy their craving for adventure by climbing The Tiny Seed, navigating through The Very Hungry Caterpillar™, and more.

Read more about our partnership at LittleTikesCommercial.com/Eric-Carle

A Sun & Moon Post Topper

Set the scene for your play space with Sun & Moon Post Toppers! These additions help kids get the most out of your play space as they imagine all kinds of play scenarios—from day-long journeys to celestial adventures.

B Fruit Climber

Fruit Climber satisfies every kid's taste for fun with its imaginative design featuring an apple, pear, blueberry, strawberry, and orange. Kids can navigate their way through the fruit using the flextrack pathway and handholds on each—building their strength, balance, and coordination along the way.

C Caterpillar Bridge

Transform your play structure with Caterpillar Bridge! With an overhead climber built into the bottom, this eye-catching component provides an extra play opportunity at the ground level. Whether they take a look through Caterpillar's eyes at the top or challenge themselves below, kids are able to build both cognitive and physical skills.

D Butterfly Wing Panel

Invite new discoveries to your community with Butterfly Wing Panel! Kids can sit and experiment with light through the translucent wings, or use their imagination to soar across the skies. This piece may also serve as a great photo spot for visitors!

E Seed Climber

Inspired by Eric Carle's The Tiny Seed, this climber allows kids of all ages to grow their skills as they travel across the playground. Featuring spiraling leaf-shaped steps and a blooming flower entrance, kids can use this component to build their strength, coordination, and imagination. Handles are located on the center pole to assist kids with their climb.

Tables and Chairs (Not shown.)

Designed in Eric Carle's signature style, our themed tables allow you to create a charming space where friends of all ages and abilities can enjoy activities, eat lunch, or chat together. Choose from leaf- or flower-shaped tabletops and seats. Large and small options available.

Discovery Packets (Not shown.)

Discovery Packets allow you to add a touch of imagination in every corner of your play space. Designed in Eric Carle's signature style, these packets are available in two options—one featuring Carle's characters, and another featuring iconic food. Attach them to steel posts throughout your play space to create a themed scavenger hunt for all ages and abilities.

Designed for Wonder, Sculpted for Play

Soar with butterflies, pounce with cats, and hop with rabbits! Sculpture play allows kids to interact with the world in new and wonderful ways through charming, detailed designs. Made of Glass Fiber Reinforced Polymer (GFRP), these inventive products are low maintenance, UV-stable, and have the durability of concrete without the weight. For you, that means they are easier to install, cost less to ship, and are sure to inspire generations of imaginative play adventures.

Discover more at
LittleTikesCommercial.com/Sculpted-Play-Elements

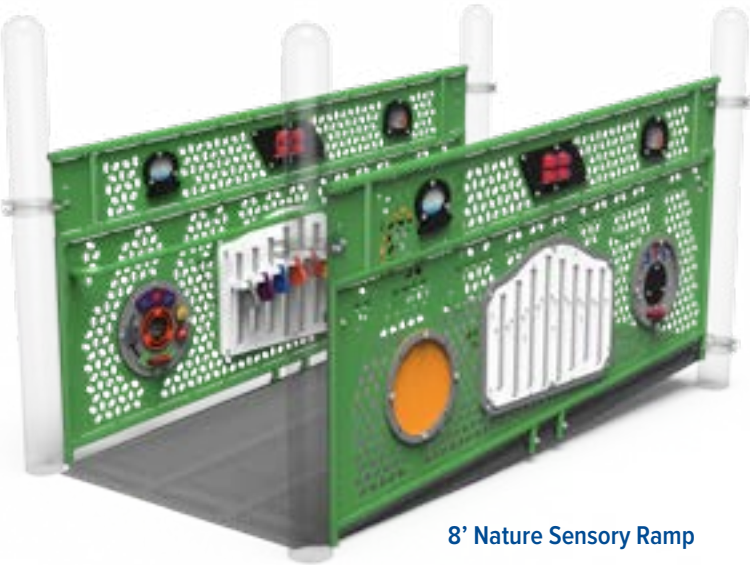

Create any sculpture play design through our Custom Design Studio!

Cattail Climbers

Establish a whimsical nature theme through our larger-than-life Cattail Climber! As kids march across the imaginative marsh, they'll build their balance, coordination, and cognitive skills. Use Cattail Climber as a freestanding play event, or create deck-to-deck or ground-to-deck climbing paths with Kid Builders® and Play Builders® structures.

See details on pages 110 and 168.

8' Nature Sensory Ramp

Nature Sensory Ramps

Created in collaboration with Unlimited Play, our Nature Sensory Ramps welcome people of all ages and abilities to your play space. Each ramp features a variety of activities that engage visitors' sight, hearing, and touch. Because they have a dual purpose as a ramp and a play event, these components are an easy way to add an extra level of skill-building and thoughtfulness to your design.

Unlimited Play Nature Sensory Ramps are built for kids ages 2 through 12, and are available in three lengths: 6', 8', and 12'. The 6' Nature Sensory Ramp features Unlimited Play Chimes as well as a roller ball mosaic pad. The 8' option features the same, along with colorful lexan accents and your choice of two mini inserts from our Panel Players collection. The 12' option provides the same play activities as the 8' option, with the addition of a mini roller sensory pad. Each length attaches to deck heights from 24" to 96".

NRG Freestyle Jr.

An expansion of NRG Freestyle®, NRG Freestyle Junior helps children ages 2 – 5 years old discover all the skills they can build! Through inventive design, this collection combines customization and affordability to provide endless play opportunities—allowing you to create a playground suited to your community's unique needs and budget.

CUSTOM DESIGN STUDIO

Enter Your Imagination

As the masters of theme, our Custom Design Studio can bring your most imaginative ideas to life. Want to create a life-size board game? Adventure beside your favorite heroes? Complement your local landscape? Whatever your community's values are, we're ready to reflect them in your design. From initial ideas to final installation, our team will work with you throughout the entire process to ensure a play space that's personal to your community.

Growth for Generations

With an ever-increasing population, the community of Waukee, Iowa was eager to update its oldest playground in Centennial Park with cutting-edge play equipment.

“We had some vision on the playground, and it was really nice to work with [Little Tikes Commercial] and have them listen to us,” said Matt Jermier, Parks and Recreation Director of Waukee. “It was a very smooth process any time we wanted to make some adjustments with the playground and the overall install.”

Designed by Play-Pro Recreation, the playground features a three-story PlayStax® structure complete with Talk Tubes, three slides, and more. The eye-catching draw to the space, however, is the 23’ NU-Edge® Trellix.

“It’s the first thing that you see,” said Aaron Sligh, Founder of Play-Pro Recreation. “Not only the bright colors that pop, but it’s the tower, it’s the angles, it’s the height of it. It’s the modern look that you’re not getting in your standard playground equipment.”

Trellix features climbing opportunities that lead to the top of the structure which, thanks to clear sightlines, provide the type of perceived risk that allows kids to discover new skills. It also features inclusive play opportunities with an 11’ accessible flextread path and an 8’ ADA-approved slide.

Also providing a one-of-a-kind inclusive play experience is Crickets—a nature-inspired game that brings families and friends together.

“It was very interactive,” said Emily Bell, a local resident whose three sons enjoyed Crickets. “They had to listen for the different sounds and look for the different lights and run all over the place and move their bodies, which I love to see.”

By providing a variety of activities for visitors of all ages and ability levels, this fun-filled space ensures that as the community grows, new friendships grow with it.

Teddy & Friends Playground

Inspiration Gallery

Fun & Games for All

A destination playground recently opened at Queeny Park in St. Louis, Missouri, Teddy & Friends Inclusive Playground encourages people of all ages and abilities to experience the magic of play together.

The project began with Erin Gooch, who was inspired by her family's visits to inclusive playgrounds in surrounding areas. Her son Teddy was born with dwarfism, and she wanted to ensure he could play alongside his friends in their own neighborhood.

Erin approached Natalie Mackay, Founder and CEO of Unlimited Play, to begin the process. But her and her family's involvement didn't end there.

"To make this project happen, the Gooch family was key," said Mackay. "So first we learned a lot about people with dwarfism and how to adapt playgrounds to make sure they feel like they belong, included, and know we thought about them as designing."

One of the ways in which designer All Inclusive Rec considered those with dwarfism is through custom equipment that provides handholds at a variety of heights. The space also features an accessible route to the top of the main play structure and inclusive equipment such as Unlimited Play Communication Board, Unlimited Play Sensory Safety Rails, and Together Glider.

“...seeing all these happy faces, kids running around, no matter what size, shape, disability;...I’m very proud to be a part of it.”

—Rob Ross, Unlimited Play donor

Inclusion is also incorporated through the playground's theme. Inspired by Teddy's love of boardgames, the space features iconic imagery that's familiar to most children—and adults! Thanks to that context, those with hearing impairments can more easily understand and be involved in imaginative play.

Passionate about bringing inclusive play closer to home, the Gooch family transformed Teddy & Friends Inclusive Playground into a community-wide mission—the impact of which can already be felt today.

"The future of it is so great," said Rob Ross, an Unlimited Play donor and friend of the Gooch family who also lives with dwarfism. "As a donor myself, coming back here years from now...and seeing all these happy faces, kids running around, no matter what size, shape, disability; it's very overwhelming, and I'm very proud to be a part of it."

Discovery Park at Valley Church

Inspiration Gallery

Building Fellowship Through Fun

West Des Moines Valley Church in Des Moines, Iowa welcomes all ages with a new playground on its campus. Named Discovery Park, the space inspires the entire community to discover new relationships and have fun together.

Locally owned by a family of Little Tikes Commercial sales representatives, Play-Pro Recreation thoughtfully designed for the small footprint. As a member of the church, owner Aaron Sligh also donated a large portion of the project's cost.

"Whether it was our budget of how much we wanted to spend, the space that we had, or even the color tones of our branding, Little Tikes Commercial was right there with us answering those questions," said Nick Vander Zwaag, a pastor at the church and a lead on Discovery Park's construction.

To maximize the space's play value, instruments from the Concerto collection are located around the border along with an interactive Garden Sensory Wall. The main area features a towering, nature-themed structure filled with NU-Edge® products. Altogether, the new play space fosters a cozy, camp-like atmosphere.

"They gave us multiple options, which really felt like they heard us," said Vander Zwaag. "They listened to what we wanted and then also gave their expert advice on how to make those dreams come true."

The play space and a mural by a local artist are dedicated to a church member known for her passion for building relationships—whether it was with children or those with special needs. True to her spirit, the playground is loved by the community and has become a gathering space where new connections flourish every day.

"As a father, I've seen my kids invite their friends to church," said Vander Zwaag, "allowing them to play and see that church doesn't have to be boring. It doesn't have to be just sitting and being quiet. It's a place that you can burn energy, have fun, and make memories as well."

Jefferson Park
Menasha, Wisconsin
Representative: Northland Recreation

A Place for Everyone

Menasha, Wisconsin's new playground in Jefferson Park serves as a beacon of fun for the entire community with a design inspired by the local motto, "Your Place on the Water."

The playground's main structure features a 14' tower customized to represent a lighthouse previously located in the same spot. Other thematic details in the space include a custom pelican, Cattail Post Toppers, and aquatic animal climbers. Even the color scheme complements the surrounding environment and inspires all kinds of lakeside play scenarios.

In addition to the theme, designer Northland Recreation put careful consideration into the inclusivity of the play space. Ramps ensure those with mobility devices can access the main play structure, while activities such as Concerto, Rail-Rider, and Rock'N

Ship Glider are located throughout to ensure everyone can discover something they enjoy.

To further maximize play value, the landscape was thoughtfully incorporated into the playground's design. A sloped walkway leads to a hillside Roller Slide, tunnel slide, and rope climber. A play structure for 2-5 year olds is also located on a mounded surface to provide additional opportunities for hill play.

"The parks department was extremely helpful and hands on," said Ericka Steltz, Sales Representative with Northland Recreation. "It was a neat experience—it felt like we were doing it together."

At 15,000 sq. ft., Lighthouse Playground is one of the largest in the area, with enough space—and activities!—for everyone.

Communities Come Together

After being devastated by Hurricane Helene in 2024, the community of Jefferson, North Carolina begins a chapter of hope and healing with a new play space donated by Little Tikes Commercial and partner Kids Around the World (KATW).

“As Little Tikes Commercial, our mission is to bring play to communities and children around the globe,” said Julie Ketcherside, Eastern Regional Sales Director of Little Tikes Commercial. “It creates a sense of community when children are able to come together and experience all of this wonderful magic that a playground brings—and it’s really, truly just the right thing to do for us to offer this opportunity.”

Designed to inspire and connect the community, the playground features Versa Builders™—Little Tikes Commercial’s latest play structure. Designed in the Geo theme, the structure highlights the imaginative, playful aspects of nature through details such as cutouts in the roof and immersive look-and-find panels.

“ They didn’t know me, they didn’t know our community, but they stopped everything they’re doing and made time to come and help those that are in need. ”
—Kevin Anderson, Ashe County Parks & Recreation Director

“It’s a perfect product for this location build,” said Brandy Todd, Product Manager for Little Tikes Commercial, “because of its small compact size and the large amount of play that is included in it from the bottom to the top. I hope it’s going to bring a lot of joy and the ability to have additional play within this park.”

The structure also houses numerous sensory play panels, climbing components, and accessible features that encourage growth for visitors of all ages and ability levels. Thanks to these inclusive details, everyone in the community will be able to benefit from Versa Builders.

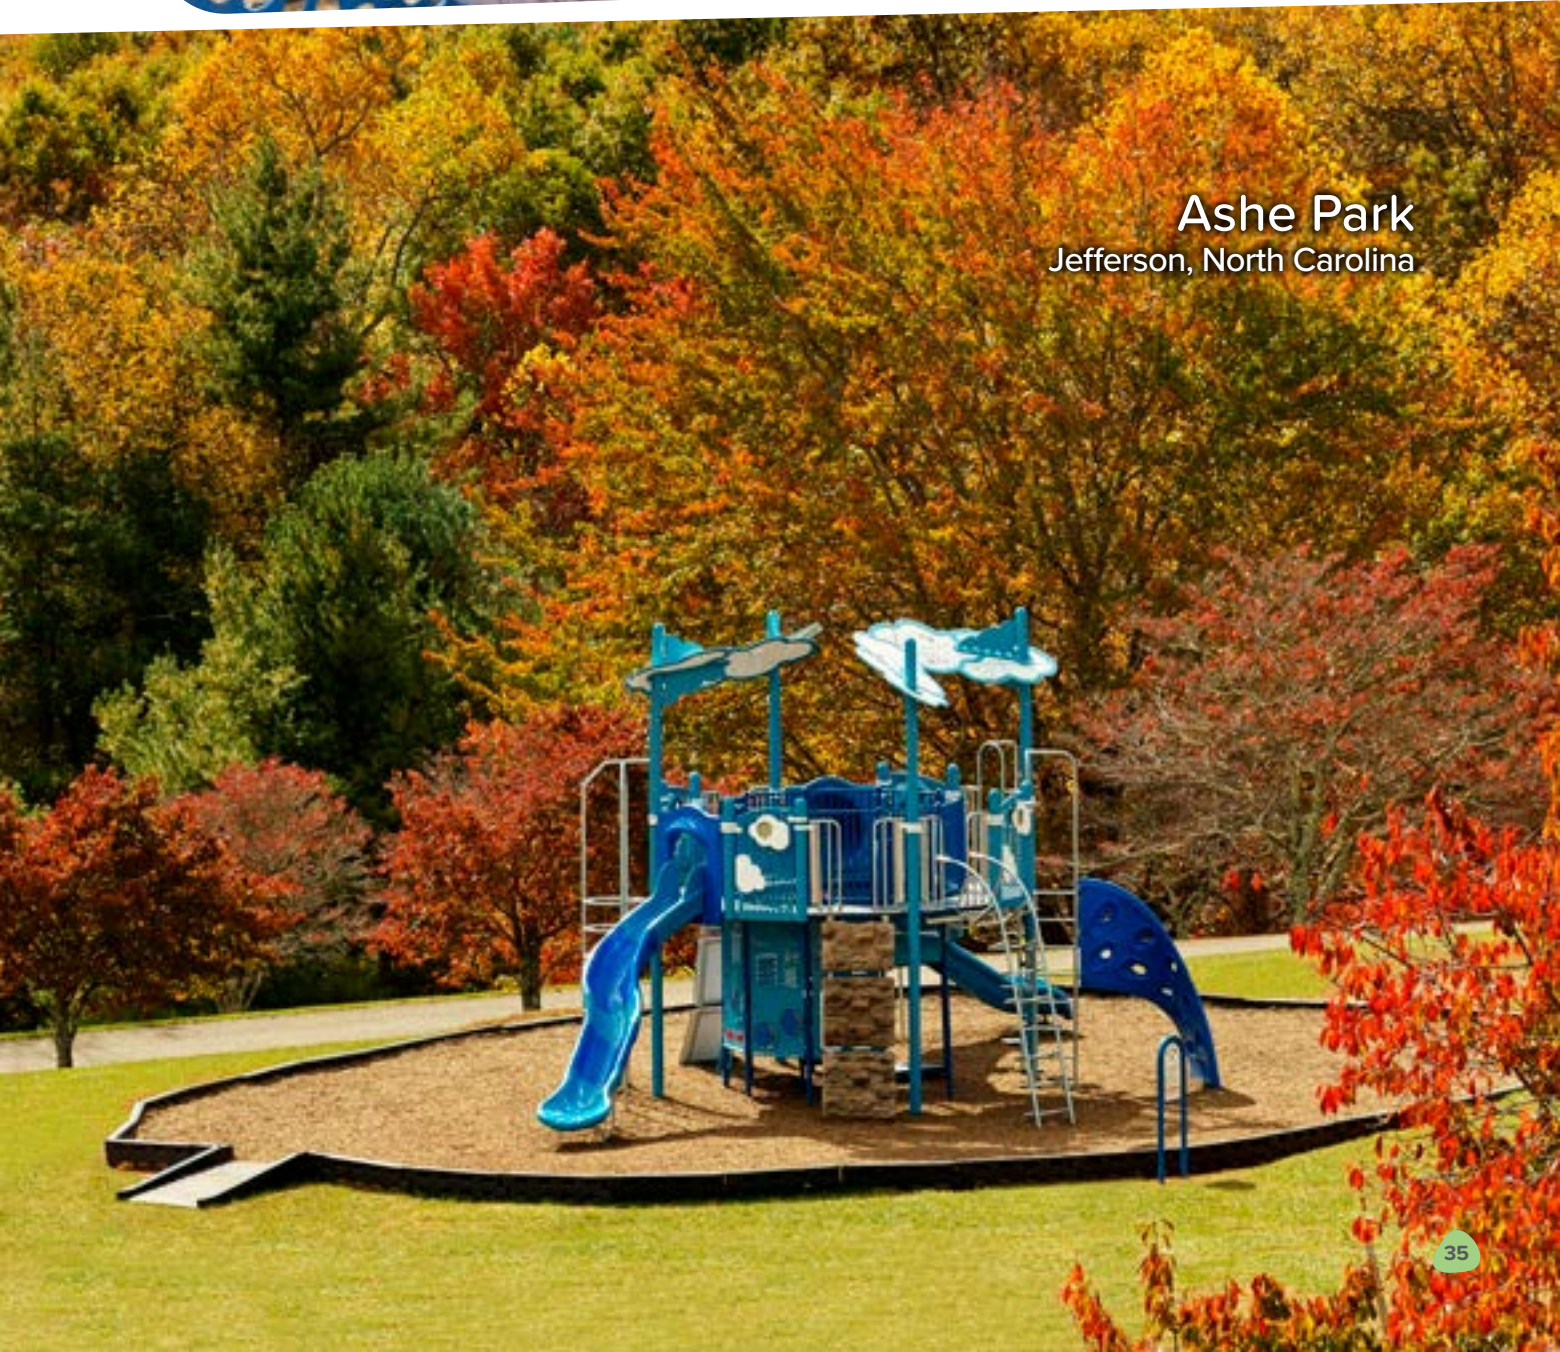

“Play is such an important part of recovery,” said Andrew Martin, Resource Partnership Director at KATW. “Having this park as a place where everyone can come and maybe, just for a little bit, forget about all the things that have been going on...I mean, that’s great.”

Passionate about making a difference through play, the playground was installed by volunteers from across Little Tikes Commercial, Bluegrass Recreation, KATW, and the community.

“They didn’t know me, they didn’t know our community, but they stopped everything they’re doing and made time to come and help those that are in need,” said Kevin Anderson, Ashe County’s Parks and Recreation Director. “I think that just shows you the type of people that Kids Around the World and Little Tikes Commercial have in their organization.”

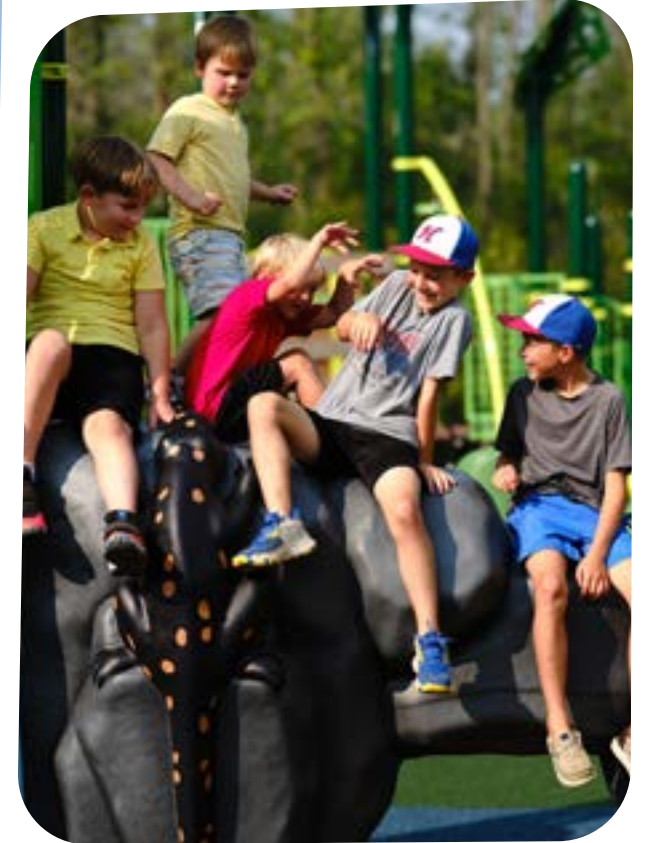

Ashe Park
Jefferson, North Carolina

Alonzo Park Hortonville, Wisconsin

Representative: Northland Recreation

A NU Era of Play

As part of a park-wide renovation, Alonzo Park in Hortonville, Wisconsin debuted a new playground designed to blend naturally into the surrounding landscape. Created by Northland Recreation, the playground features a wide variety of equipment that inspires a “NU” discovery every day.

A modern take on nature, the design features equipment from our NU-Edge® collection such as Birch Barriers and treehouse panels. Also featuring custom touches to standard equipment—such as a painted salamander and thoughtfully designed shades—the space serves as the ultimate outdoors for kids.

The freestanding equipment surrounding the play structures is also strategically colored to encourage natural exploration. An NRG Kinetics™ hub offers climbing events of varying challenge levels, while Revolution Inclusive Spinner and Surface Spinner ensure family and friends of all ages and ability levels can join the fun.

“The community’s reaction to the new playground has been overwhelmingly positive,” said Aaron Steber, Director of Public Works. “Families are visiting regularly, children are excited to explore the new equipment, and neighbors appreciate having a safe, modern place to gather.”

Thanks to the community’s support and the inventive design, the new playground is sure to empower growth and play for generations to come.

Play Structures

Whether you buy them outright or use them as inspiration, our predesigned Play Structures are perfect for anyone unsure of where to start when it comes to designing their play space. Play Structures are grouped by product line, ensuring that you can easily find the age-appropriate equipment you're looking for. If you don't see anything that inspires you or if you would like to add personal touches to the design, our Custom Design Studio is ready to help.

40

NU-Edge®

Ages: 2-5, 5-12 (18 mos-5, 5-12 CSA)

NU-Edge play systems are designed around the striking dichotomies of natural/urban materials and modern/rustic design.

62

Kid Builders®

Ages: 2-5, 5-12 (18 mos-5, 5-12 CSA)

Our best-selling play structures, Kid Builders feature a 5" (0.127m) post and steel clamp system and massive array of play activities (over 500)!

84

Play Builders®

Ages: 2-5, 5-12 (18 mos-5, 5-12 CSA)

Don't let the 3.5" (0.089m) post fool you—this Direct Connect play system is just as durable and fun, with budget-friendly options for all.

Inclusive

Through our partnership with Unlimited Play, we open up new possibilities for kids of all ages and abilities with innovative, inclusive designs that exceed ADA requirements. The following such structures offer easy play solutions for your entire community, inspiring the next generation to learn and grow together. Discover more about planning and building an inclusive play space by contacting your local representative.

Stop by LittleTikesCommercial.com/Unlimited-Play for more information about our partnership.

Browse inclusive products from our partnership with Unlimited Play!
See Components on page 126 and 129, and Independent Events on page 178.

To eliminate the guesswork you may face in your project, we offer two levels of certified inclusive playground designs: Platinum and Gold.

G Gold playgrounds feature a structure with accessibility to the first or second deck, and transfer stations to the slides for visitors using mobility devices. These designs also encourage parallel play with three-levels of climbing challenge as well as sensory play panels and safety rails. Gold playgrounds are best suited for those working with a limited footprint or budget.

P Platinum playgrounds are fully inclusive, from the type of surfacing to the accessibility of the highest point. These designs promote parallel play, so kids of all abilities can play side-by-side across three levels of climbing challenge. Sensory experiences are also featured via play panels and safety rails. Platinum playgrounds are perfect for those looking to achieve large inclusive dreams.

Early Childhood

92	Tot Builders™
96	NRG Jr.
97	Sculpture Play
98	Play Structures
104	Pretend Play
106	Clubhouses & Street Scenes
107	Clever Climbers® & Tot Tree

Our latest Tot Builders™ additions expand our original line to places like the market, a farm, and more! Created in consultation with experts in child development and inclusion, these community-inspired designs support all six stages of play for children aged 6 months to 5 years old. As they explore the tapered lines and bright colors, they'll be developing their sensory, social, and cognitive skills.

*Patent USD1022060

Tot Builders™ Barnyard

- 27 interactive play elements
- Learning opportunities with counting and problem-solving
- Auditory and tactile experiences
- Cubbyholes to store found treasures
- Solvable puzzle with a scrambled message

*Patent USD1017721

Tot Builders™ Market Stand

- 11 interactive play elements
- Accessible height
- Abacus teaches counting and basic math
- Shelf to store goods and merchandise
- Spinnable wheels to inspire the imagination
- Develops communication skills

Created especially for children ages 6 months and up!

*Patent USD1030911

Tot Builders™ Friendly Fence

- 12 interactive play elements
- Flextread crawl through
- Slidable droplets to water the flowers
- Vine-shaped handholds to help with balance
- Birdhouse with a special visitor
- Inspires collaboration with peek-a-boo holes

Tot Builders™ Nutty the Squirrel

- 10 interactive play elements
- System of slopes and doors
- Clickable acorn button
- Push-and-pull blocks on Nutty's tail
- Fosters creativity

Tot Builders™ Calvin's Apple

- 10 interactive play elements
- Motivates critical thinking
- Berry-shaped bell to ring
- Spinnable pear, eye, and gears
- Color wheel to identify common colors
- Mirror to develop self-recognition

Tot Builders™ Perch Perfect

- 3 interactive play elements
- Textured, nature-themed shakers
- Encourages caregiver interaction
- Instills independence

NRG Jr.

Designed especially for children ages 2 – 5, this expansion of NRG Freestyle® offers you even more custom, affordable options when it comes to designing your play space.

Agility Pods

Textured with a grooved pattern for grip, children can easily step across this series of steppers to build their coordination. The center poles may be used for balance, as each step provides controlled movement via chain-link attachments to the base.

Agility Pods with Freestyle Link

This version of Agility Pods for children ages 2 – 5 allows you to extend the fun by connecting to other NRG Freestyle play events.

Panel Link

Use this component to connect two Play Builders® components to a post. Compatible with all Play Builders panels, tunnels, slides, overhead climbers, and more!

Web Wall

This rope climber offers an opportunity for young children to experience climbing at their level. As they step, reach, and pull their way across this component, they'll be able to build strength, coordination, and more. The rope is available in red, blue, green, black, and beige.

Transfer Deck

This transfer deck for Play Builders® structures allows young children to easily transition from a deck onto a slide or climber.

Birch Door Panel

Compatible with Play Builders® and NRG Freestyle Junior, Birch Door Panel invites children to discover the outdoors. Children can use the handholds on either side of the door for balance as they make their way through this nature-themed steel panel.

Our inclusive Early Childhood play structures make it easy for you to bring play to children of all ability levels in your community! From Unlimited Play Sensory Safety Rails to Together Glider, these designs inspire kids to learn and grow together, helping them to develop skills and friendships that will last the rest of their lives.

Learn more about our certified, inclusive playground designs at LittleTikesCommercial.com/Unlimited-Play.

Weather Station®

Components

Weather Station™ N K

WeatherStation® play panels offer eight interactive, weather-related activities that teach math, science, social studies, and language concepts. Encourage social, emotional, cognitive, and physical development in your community. Purchase panels as an independent three-panel structure, or contact your local representative to add select options to your Kid Builders® or Play Builders® Systems.

INDEPENDENT THREE-PANEL CONFIGURATIONS:

Sunny Days

- Thermometer, Weather Cycle, and Matching Memory Game

Cloudy Days

- Thermometer, Weather Cycle, and Weather Game

Rainy Days

- Forecast the Weather, Matching Memory Game, and Weather Game

Snowy Days

- Forecast the Weather, Forecast the Temperature, and Heat Index & Wind Chill

Windy Days

- Forecast the Temperature, Weather Cycle, and Heat Index & Wind Chill

Thermometer Panel

- Look at the real thermometer, then spin the dial to match the temperature and reveal the corresponding image

Weather Cycle N K

- Turn the dial to reveal the stages of the weather cycle

Forecast the Weather N K

- Use the dial to reveal images that correspond to the conditions

Forecast the Temperature N K

- Use the dial to predict the temperature range based on the previous day

What to Wear N K P

- Spin to change the characters' clothing for the appropriate weather conditions

Matching Memory Game N K P

- Slide the tab to locate and match weather images

Heat Index & Wind Chill N K

- Spin the dials to change the temperature
- Add temperature to humidity or wind speed to reveal the heat index/wind chill

Weather Game N K P

- Spin the dial, then move to the next space with that image
- The first person to make it home wins

Post Players

Components

Post Players

With Post Players, posts are transformed from a structural necessity to an opportunity for imaginative play! Bring wonder to every corner of your play space by adding these playful sensory activities and engaging mini inserts into your design.

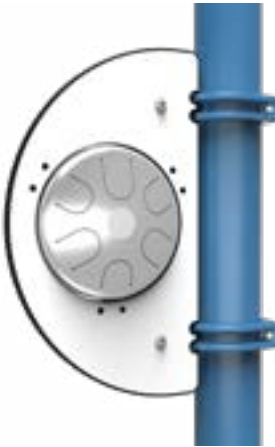

Double Bells

- 2 bells
- Easy-to-move sliders
- Inspires pretend and sensory play
- Compatible with Kid Builders® and Play Builders®

Double Chimes

- 2 chimes
- Brightly colored switches
- Inspires pretend and sensory play
- Compatible with Kid Builders® and Play Builders®

Tongue Drum

- Produces multiple notes
- Encourages teamwork
- Inspires pretend and sensory play
- Compatible with Kid Builders® and Play Builders®

Melody Wheel

- Produces charming melody
- Easy-to-spin wheel
- Inspires pretend and sensory play
- Compatible with Kid Builders® and Play Builders®

Maracas

- Produces rattling sound
- Easy-to-spin design
- Inspires pretend and sensory play
- Compatible with Kid Builders® and Play Builders®

Mini Color Wheel Kaleidoscope Insert

- Easy-to-spin design
- Bright, inspiring colors
- Develops visual and tactile skills

Mini Roto Maze Insert

- Easy-to-spin design
- Strengthens hand-eye coordination
- Develops critical thinking

Mini Gliding Gears Insert

- 3 interactive gears
- Easy-to-spin design
- Illustrates cause and effect

Mini Number Tile Slide Insert

- Easy-glide track
- 8-piece puzzle
- Develops cognitive skills

Mini Make it Rain Insert

- Easy-to-spin design
- Develops auditory skills
- Builds cognitive skills

Mini Sensory Fidget Insert

- 5 engaging play activities
- Builds visual and tactile skills
- Develops concentration

Integrated Shade

Components

Shade helps protect everyone from harmful UV rays, while offering kids a great place to cool off during those hot summer months. Shade can also extend the life of your playground, protecting the surfaces and equipment. Our array of color and fabric choices allows you to customize shades to fit your community's functional and aesthetic needs.

NRG Builders®

Components

Quantum II Slide

Taco Climb

- Rope challenge

Ocean Surge

- Climber with steps that alternate sides

Agility Pod Challenge

- "Floating" stones on moving poles
- Also available with N-R-G Freestyle Connection

Perch Alley

- Moving linking event will challenge kids to move through, under, and around the hanging arches

Fun Wheel Challenge

- Spinning overhead wheels

Ring Challenge

- Overhead moving rings

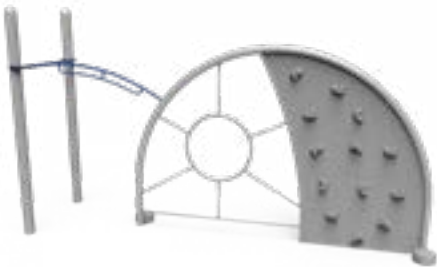

Rung Challenge

- Overhead stationary rungs wide enough to grip with both hands

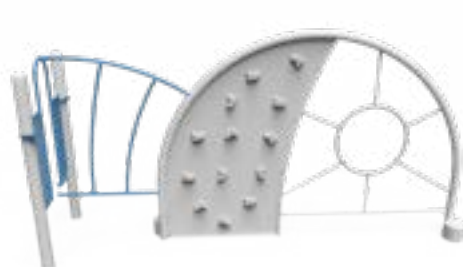

Loop Challenge

- Overhead stationary loop event develops upper body strength and coordination

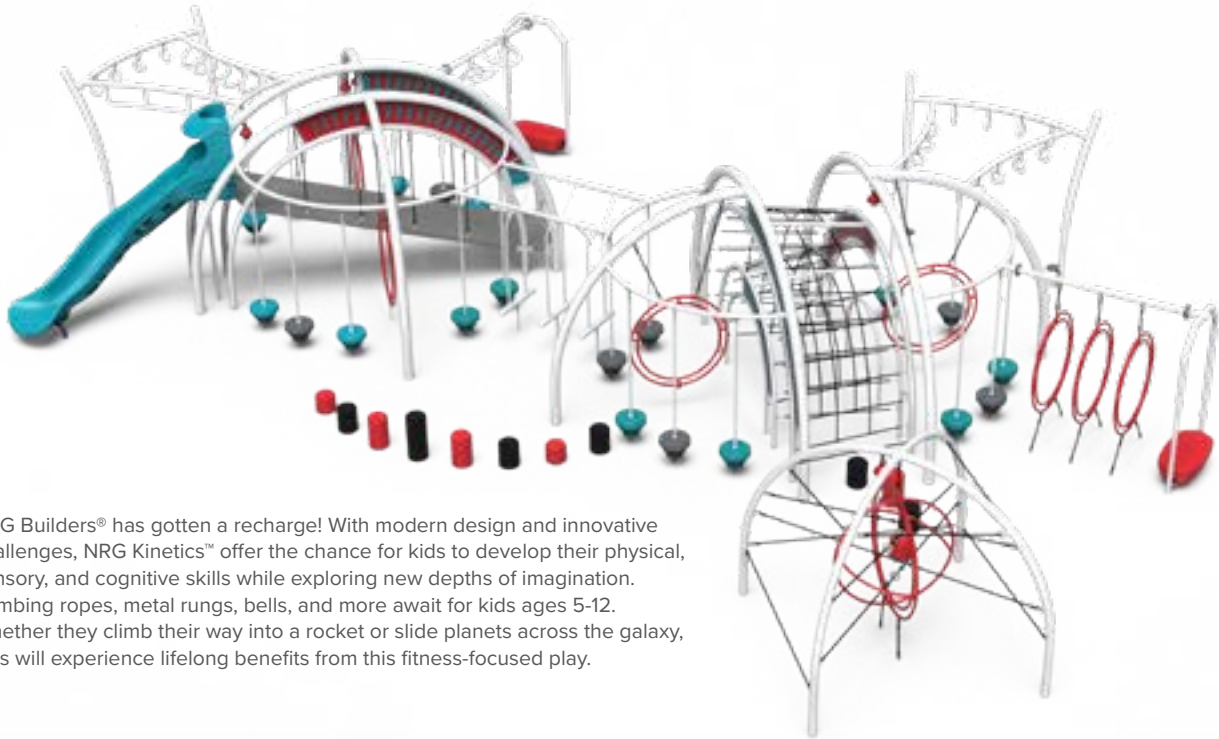

Overhead Link (KB to NRG)

- Stationary overhead bars to connect N-R-G and Kid Builders®

Arched Link (KB to NRG)

- Simple link climber to connect N-R-G and Kid Builders®, perfect for smaller sites

NRG Builders® has gotten a recharge! With modern design and innovative challenges, NRG Kinetics™ offer the chance for kids to develop their physical, sensory, and cognitive skills while exploring new depths of imagination. Climbing ropes, metal rungs, bells, and more await for kids ages 5-12. Whether they climb their way into a rocket or slide planets across the galaxy, kids will experience lifelong benefits from this fitness-focused play.

NRG Kinetics™ Web Wall

- 2 play events
- Circular steps
- Heavy-duty construction
- Develops balance
- Increases coordination

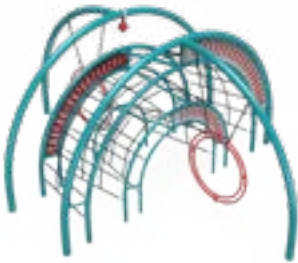

NRG Kinetics™ Double Ring Challenge

- 2 play events
- Line-up or standalone
- Double ring
- Rope suspension
- Builds balance and strength

NRG Kinetics™ 5" Post Bell Challenge

- 1 play event
- Sensory activity
- Inclusive design
- Versatile
- Also available in 3.5"

NRG Kinetics™ Double Arch Hub with Net Challenge

- 4 play events
- Bell incorporated
- Grid-pattern climbing ropes
- Three Levels
- Curved, dome-like design

NRG Kinetics™ Double Arch Hub with Slide and Climb

- 4 play events
- Develops proprioception
- Inclined ramp
- Bell incorporated

NRG Kinetics™ X-Hub with Two Rings and Wings Nets

- 2 play events
- Grid-patterned climbing nets
- Symmetric design

- Varied climbing paths

NRG Kinetics™ Double Arch Hub with Four Rings and Wings Nets

- 2 play events
- Grid-patterned climbing nets
- Sequential rings for imaginative play

NRG Kinetics™ X-Hub Laser Challenge

- 4 play events
- Slidable beads
- Crisscrossing ropes
- Sensory bell
- Metal rungs

Compatible with post and platform structures, our NRG Kinetics™ are the perfect choices for phased installations.

Freestyle Ring Challenge

- Moving overhead rings

Freestyle Loop Challenge

- Stationary horizontal overhead loops

Freestyle Inline Challenge

- Stationary vertical overhead loops

Freestyle Infinity Double Sidestep

- Traverse from the ground to the next event

Freestyle Hoop-La® Traverse

- Moving, side-by-side Hoop-Las

Freestyle Solo Pod

- Elevated platform used as a starting and ending point for all rail components
- Also available in Double Solo Pod

Vertical Net

- Gently moving rope climber

Freestyle Hub Connection

- Upright posts with platform and handholds for traversing and connecting multiple play events
- Available with double or triple top spoke connections

Freestyle Floating Pommel

- Gently moving upright poles with climbing platforms

Versa-Climb®

Freestyle Infinity Single Sidestep

- Traverse from the ground to the next event

Freestyle Fun Wheel Challenge

- Moving overhead wheels

Freestyle Hoop-La® Alley

Freestyle Timber Climb

- Available in single or double connection

A low-angle, upward-looking photograph of two children climbing a large, colorful plastic playground structure. The structure is composed of large, interlocking panels in shades of orange, red, and green. The children are seen from below, reaching up towards the sky. The child on the left is wearing a pink shirt and dark shorts, while the child on the right is wearing a light blue shirt and dark shorts. The background is a clear, bright blue sky.

Kid Timber Border Panels & End Caps

- Available lengths: 2' (.6M), 6' (1.8M)
- Double wall rotationally molded to maximize structural integrity
- Available in standard black or premium tan
- Black timber made from 100% pre-consumer recycled plastic

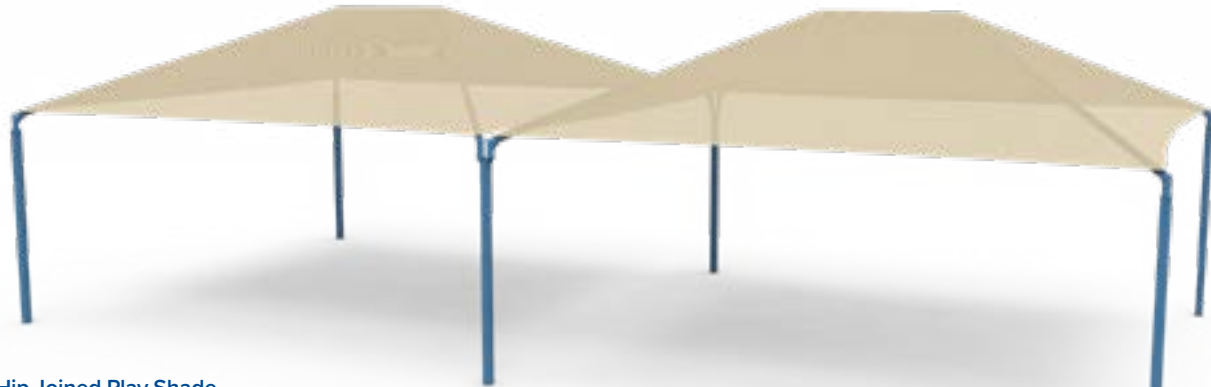

Accessible Wheelchair Ramps

- Widest ramp available in the industry
- Double ramp also available

Make your playground even more appealing with shade! Shade makes recreational spaces more comfortable for guests, and it extends the life of playground equipment and amenities, so you can be sure your investment will last for years to come.

Our play shades come in eight different styles, and each style is available in multiple sizes. Choose from over 20 post and fabric colors to customize your play shade to your play space (See page 199).

Hip Joined Play Shade

- Features the clean, straight lines of our traditional Hip Play Shade, while sharing steel posts with adjoining shades to reduce the number of columns and increase the shaded footprint.
- Perfect for areas that need more extensive coverage, such as spaces with large play structures. Choose from embedded or recessed base plate mounting styles, and standard or quick release options.
- Shade fabric is available in original or fire-resistant versions.

Single Post Pyramid Play Shade

- Provides up to 260 square feet (24,2m) of coverage with a single column.
- Ideal solution for areas where shade is needed but space is limited, such as seating or dining areas.
- Choose from embedded or recessed base plate mounting styles, and standard or quick release options.
- Shade fabric is available in original or fire-resistant versions.
- For information on shade sizes and heights, contact your local representative.

Two Post Hip Play Shade

- Our most cost-effective option, providing up to 308 square feet of shade from two columns.
- Choose from embedded or recessed base plate mounting styles, and standard or quick release options.
- Shade fabric is available in original or fire-resistant versions.
- For information on shade sizes and heights, contact your local representative.

Mariner Pyramid Play Shade

- Provides the same amount of shade as our Hip and Pyramid Shade options, and features a distinctive overlapping fabric design for a more sophisticated aesthetic.
- Perfect for any outdoor space with a large play structure or dining/ seating area.
- Choose from embedded or recessed base plate mounting styles.
- For information on shade sizes and heights, contact your local representative.

Hip Play Shade

- Features clean, straight lines and is one of the most commonly used styles for shading large play structures.
- Choose from embedded or recessed base plate mounting styles, and standard or quick release options.
- Shade fabric is available in original or fire-resistant versions.
- For information on shade sizes and heights, contact your local representative.

Full Cantilever Play Shade

- A great option for areas that need extensive shade coverage, free from columns, such as large play structures or bleachers.
- This style features embedded or recessed base plate mounting.
- Shade fabric is available in original or fire resistant versions.
- For information on shade sizes and heights, contact your local representative.

Single Post Pyramid Cantilever Play Shade

- Offers all the benefits of the traditional Single Post Pyramid, and provides a shaded area free from columns.
- Choose from embedded or recessed base plate mounting styles, and standard or quick release options.
- Shade fabric is available in original or fire-resistant versions.
- For information on shade sizes and heights, contact your local representative.

Pyramid Play Shade

- A four-post solution for play spaces that need extensive coverage.
- Features a classic square, peaked roofline.
- Choose from embedded or recessed base plate mounting styles, and standard or quick release options.
- Shade fabric is available in original or fire-resistant versions.
- For information on shade sizes and heights, contact your local representative.

Shade structures have not been tested for CPSIA / ASTM compliance. All of our shade products are designed to withstand nominal wind loads of 90 mph (144,84 kph) with appropriate footing. To extend the life of shade in snowy regions, the shade must be removed for winter.

Warranty

Why Little Tikes Commercial

Little Tikes Commercial warrants its products against structural failure due to defects in materials and workmanship for the warranty periods and material categories prescribed below.

Buyer agrees that products sold by PPLT Farmington, Inc. (PlayPower Little Tikes Commercial) carry only the following warranties:

- 1. LIMITED WARRANTY FOR AS LONG AS YOU OWN THE PRODUCT:** Aluminum deck posts, steel deck posts, stainless steel hardware, cast aluminum parts, and KidBuilder® steel clamps

2. LIMITED FIFTEEN (15) YEAR WARRANTY: All rigid steel playground components, decks, steps, and weldments, rotationally molded and sheet plastic components, plastic lumber, roof panels, and stainless steel slides, except as otherwise specified below.

3. LIMITED TEN (10) YEAR WARRANTY: Fabric shade steel frames, Naturtek™ products, Shadesure™ and Colourshade FR fabrics (Note Exception: Limited Five (5) Year Warranty on Shadesure™ fabrics in colors Red, Yellow, Electric Purple, Zesty Lime, Cinnamon, and Olive.)

4. LIMITED EIGHT (8) YEAR WARRANTY:

 - Fiberglass signage, precast PolyFiberCrete or precast concrete products.
 - Integrated Shade fabric and components against rot, UV deterioration and defects in materials and workmanship (Note Exception: Limited Three (3) Year Warranty for fabric in shade of red).
- 5. LIMITED FIVE (5) YEAR WARRANTY:**

 - Clever Climbers™ products, including, but not limited to polyethylene slides, enclosures, main structure, decks, and plastic components.
 - PVC coating against cracking or peeling.
 - Park and Site Amenities (i.e. benches, tables, trash receptacles, etc.).
 - GFRP (Glass Fiber Reinforced Polymer) Products.
 - Steel core cable nets and rope fittings and connections (Note Exception: Warranty does not cover normal wear and tear such as fraying or facing of cable coating).
 - Accessible swing seats latch and hinge mechanism.
 - Concerto products (Note Exception: Warranty does not coverallets or Tall Chime cable assemblies).

- 6. LIMITED THREE (3) YEAR WARRANTY:** KidTiles, Playground Sculptures, products flexible belting, plastic border timbers and accessories, and electronic panel speakers, sound chips, and circuit boards.
- 7. LIMITED ONE (1) YEAR WARRANTY:**
- Learning Lab Sensory Tables and Tot Tree plastic components.
 - Swing Seats unless otherwise noted.
 - All other products, components and custom pieces that are not specifically listed above and below, including, without limitation, all moving parts, such as swing hangers and bearings, swivels, chains, whirls, springs and flexible components, and all high wear items, such as trolleys, cables, wheels, and bumper stops related to rail and cable ride products.
- LIMITED SIX (6) MONTH WARRANTY:**
- PlaySoleil™ solar-powered light.

BUYER’S REMEDY: If any products prove defective or non-conforming under normal use and within the above-prescribed warranty periods and material categories, Buyer must promptly notify Little Tikes Commercial in writing at 878 E. Hwy 60, Monett, MO 65708 USA. Little Tikes Commercial does not warranty that any particular color will be available for any period of time, and reserves the right to discontinue any color for any reason, without recourse by the Purchaser or Owner of the discontinued color. Little Tikes Commercial may elect to inspect the alleged defect at Buyer’s site or at Little Tikes Commercial’s facility. Buyer shall not return products to Little Tikes Commercial unless authorized by Little Tikes Commercial to do so. Authorized returns must be properly packaged and shipped prepaid and insured, at Buyer’s expense. Upon verification of warranty coverage, Little Tikes Commercial may elect, in its sole discretion, to repair defective or non-conforming products, or replace them by delivering products or part(s) of similar functionality free of charge to the site. Little Tikes Commercial’s limited warranties do not cover the cost of labor to remove defective or non-conforming part(s) or to install repaired or replacement part(s). By use of these limited warranties, Buyer accepts their terms and limitations, and waives any rights it would otherwise have to claim or assert that such warranties fail of their essential purpose. Buyer agrees that venue for any court action to enforce these limited warranties shall be in Barry or Greene Counties in the State of Missouri.

LIMITATIONS: All warranty periods begin on the date of Little Tikes Commercial’s invoice. Repaired and/or replacement part(s) are warranted only for the balance of the original limited warranty period. Warranties extend only to the original Buyer/ end user for products purchased from Little Tikes Commercial or a Little Tikes Commercial authorized reseller and are not transferable.

Warranties apply only to Little Tikes Commercial products that are erected and installed in conformance with Little Tikes Commercial’s installation instructions, and that are maintained and inspected in conformance with Little Tikes Commercial maintenance and operational instructions.

Unless manufactured with coastal coatings, product installed within 500 yards of a saltwater shoreline will only be covered for half the period of the standard product warranty for defects caused by corrosion.

Warranties specifically do not cover Little Tikes Commercial products:

- for cosmetic damage or flaws occurring under normal use, such as surface scratches, minor chips, hairline cracks, dents, marring, efflorescence, color fade (except for shade fabric as noted above), discoloration, corrosion/rust, fraying, or warping of recycled plastic lumber; that have been modified, altered, or repaired by unauthorized third parties;
- that have not been used as designed or intended, or misused;

to which non-Little Tikes Commercial parts have been added or substituted;

that have been removed from their original location and re-installed elsewhere, without pre-approval by Little Tikes Commercial;

or that have been damaged due to excessive wear and tear, vandalism, abnormal use, abuse, negligence, environmental factors (such as wind-blown sand, salt spray unless the product is manufactured with coastal coating, or airborne emissions from industrial sources), extreme weather (such as hail, flooding, lightning, tornadoes, sandstorms, earthquakes, or wind storms), and acts of God.

THE FOREGOING LIMITED WARRANTY IS THE SOLE AND EXCLUSIVE WARRANTY FOR SELLER’S PRODUCTS, AND IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, IN LAW OR IN FACT. SELLER SPECIFICALLY DISCLAIMS ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, WITHOUT LIMITATION, ALL IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR USE OR PURPOSE, AND ANY IMPLIED WARRANTIES ARISING OUT OF COURSE OF DEALING OR PERFORMANCE OR TRADE USAGE. SELLER SHALL NOT BE LIABLE FOR ANY INCIDENTAL, CONSEQUENTIAL, EXEMPLARY, SPECIAL, OR PUNITIVE DAMAGES, OR ANY LOSS OF REVENUE, PROFIT OR USE, ARISING OUT OF A BREACH OF THIS WARRANTY OR IN CONNECTION WITH THE SALE, INSTALLATION, MAINTENANCE, USE, OPERATION OR REPAIR OF ANY PRODUCT. IN NO EVENT WILL SELLER BE LIABLE FOR ANY AMOUNT GREATER THAN THE PURCHASE PRICE OF A DEFECTIVE PRODUCT.

ADDITIONAL ORDER POLICIES

Prices: Published prices are subject to change without notice. All orders are subject to approval by PPLT. All prices are in U.S. dollars. Product prices are FOB Monett, Missouri and do not include freight – freight charges will be added to product prices. Lease purchasing options are available through the Lease Program.

Invoice Terms: Will be as noted on the invoice. Finance charge of 1 ½ percent per month may be incurred.

Sales Tax: Will be added to the invoice except when a valid tax exempt certificate is furnished. Sales tax percentages are based on delivery destination.

Freight Charges: Products are shipped FOB Monett, MO, Pre-Pay and Add. For orders from Municipalities, Government Agencies, School Systems, and Businesses (listed favorably with Dunn & Bradstreet), freight will be prepaid and added to the invoice in accordance with PPLT’s standard freight rate chart. For orders that are to be prepaid, please contact our Sales Department for a firm freight quote before sending your prepaid order.

Weights: Shown as approximate and include packing materials.

Delivery Terms: Within the United States, FOB Monett, MO. For Exports (overseas shipments), typically shipments are EXW (Ex Works Factory) Monett, MO, USA. Consult the PPLT Sales Department for special terms and desired arrangements. Ocean and air freight options are available.

Loss or Damage in Transit: A signed bill of lading is our receipt from a carrier that our shipment to you was complete and in good condition. Before you sign, please check this bill of lading carefully when the shipment reaches you to make sure there are no damages or shortages. Once the shipment leaves our plant, we are no longer responsible for any damage, loss, or shortage. All claims for loss or damage to product should be reported immediately to our Customer Service Department. All claims for product damage and shortage via common carrier must be promptly made by consignee (customer) direct to PPLT’s Customer Service Department. When reporting damage, be sure to hold all containers and packing materials for inspection

(claims should be filed within 15 days of receipt of shipment).

Cancellations and Returns: Cancellations will be accepted upon written notification at our offices. Returns will be accepted only when freight charges are prepaid, insured, and we have expressly authorized the return. Please provide invoice number, invoice date, and reason for your return. Parts not included are custom parts, as well as used or damaged parts. There will be a restocking fee for all returned orders and on canceled orders.

Specifications and Product Appearance: PPLT has a policy of continuous product improvement and reserves the right to discontinue or change specifications or product appearance without written notice.

Freight Carrier Information: All freight is shipped unassembled via UPS (if able) or common carrier. On all common carrier shipments, the customer is responsible for unloading. Inside delivery is available for an additional charge.

COMMITMENT TO SAFETY

Nothing is more important than a safe, positive environment for children to play. Our commitment to providing this positive environment starts with meeting and/or exceeding compliance with the performance safety specifications established by organizations such as ASTM, CPSC, CSA, EN, and TUV. Beyond compliance, we are an active participant in many of these standard writing bodies providing input into the standard development process. Our associates and representatives have the knowledge and experience to provide positive play designs that provide challenge and play value for all children.

COMMITMENT TO THE ENVIRONMENT

Protecting and preserving the environment for our children’s future is a priority for everyone at PlayPower LT Farmington, Inc. We are committed to closing the recycling loop by using consumer recycled material wherever possible and ensuring nearly everything we make can be recycled. From steel and aluminum to rubber and plastic, almost everything we make uses some amount of recycled material. By installing a Little Tikes Commercial play structure we are all doing our part to ensure a better world for our children.

GUIDELINES AND STANDARDS

The Consumer Product Safety Commission (CPSC) created playground safety guidelines to help local communities, schools, day care centers, corporations, and other groups build safe playgrounds. The Handbook for Public Playground Safety includes safety guidelines for designing, constructing, operating, and maintaining public playgrounds.

U.S. Consumer Product Safety Commission
Washington, D.C. 20207
E-mail: info@.gov
www.CPSC.gov

ASTM

The American Society for Testing and Materials (ASTM) is an independent world renowned developer of technical standards utilized in testing products. Standard Consumer Safety Performance Specifications for Playground Equipment for Public Use, F1487 & F2373 establishes nationally recognized safety standards for public playground equipment.

American Society for Testing and Materials
100 Barr Harbor Drive
West Conshohocken, PA 19428-2959
E-Mail: service@astm.org

ASTM-F1487 CAN/CSA-Z614 EN1176

KidBuilders®, SkyBuilders®, PlayBuilders®, MaxPlay® Systems, and Clever Climbers™ play equipment has been tested to be in conformance with safety requirements and standards set forth by ASTM F1487, CAN/CSA - Z614, and EN1176.

When installed according to our layout drawings and installation instructions, KidBuilders, SkyBuilders, PlayBuilders, MaxPlay Systems, and Clever Climber play systems meet guidelines and standards as defined in the US Consumer Product Safety Commission’s Handbook for Public Playground Safety, ASTM F1487, and Canadian Standard CAN/CSA-Z614.

KidBuilders, PlayBuilders, MaxPlay Systems, Clever Climbers, and Spring Riders have been certified to the EN 1176 by TÜV Product Service GMBH.

PlayPower LT Farmington, Inc. is a member in good standing of IPEMA, the International Play Equipment Manufacturers Association. IPEMA is a member-driven international trade organization that represents and promotes an open market for manufacturers of play equipment.

In the interest of playground safety, the International Play Equipment Manufacturers Association (IPEMA) provides Third Party Certification Service whereby a designated independent laboratory, TÜV SÜD America Inc., (TÜV), validates an equipment manufacturer’s certification of conformance to the ASTM F1487 Standard Consumer Safety Performance Specification for Playground Equipment Public Use, except sections 7.1.1, 10, 13.1.1, 13.2, and 13.3; to CAN/CSA Z614 Children’s Playspaces and Equipment, except clauses 10 and 11; or both. A list of current validated products may be viewed at www.ipema.org.

In the interest of playground safety, the International Play Equipment Manufacturers Association (IPEMA) provides a Third Party Certification program whereby a designated independent laboratory, TÜV SÜD America Inc., (TÜV), validates a surfacing manufacturer’s certification of conformance to ASTM F1292, Standard Specification for Impact Attenuation Under and Around Playground Equipment Performance Criterion, Section 4.2; ASTM F1292, Standard Specification for Impact Attenuation Under and Around Playground Equipment Performance Criterion (in its entirety); ASTM F3351, Standard Test Method for Impact Testing in Laboratory at Specified Test Height; and for an engineered wood fiber manufacturer its certification of conformance, also to ASTM F2075, Standard Specification for Engineered Wood Fiber for Use as a Playground Safety Surface Under and Around Playground Equipment; and for a Loose Fill Rubber manufacturer its certification of conformance, also to ASTM F3012, Standard Specification for Loose Fill Rubber for Use as a Playground Safety Surface under and around Playground Equipment. A list of current validated products, their thickness and critical height may be viewed at www.ipema.org.

Validation is an ongoing process as new products are certified and released. Please contact your local representative for an updated listing or visit our web site at www.LittleTikesCommercial.com.

Certifications

Why Little Tikes Commercial

CSA
Canadian Standard Association (CSA) is an independent organization whose mission is to provide an open and effective forum for activities facilitating the development of standards to meet national needs. The CSA Standard CAN/ CSA-Z614, A Guideline on Children’s Playspaces and Equipment was approved.

Canadian Standard Association
5060 Spectrum Way Suite 100
Mississauga, Ontario, Canada L4W 5N6
1-800-463-6727
www.csa.ca

TÜV Product Service

TÜV Product Service is a world renowned leader in testing and certification activities. European Standard EN1176 is the most up-to-date combined European Standard for Commercial Playground Equipment. Use of the TÜV certification mark is evidence to the customer of product quality and compliance to stringent safety standards.

TÜV SÜD America
10 Technology Drive
Peabody, MA 01960
www.TUVamerica.com

PlayPower LT Farmington, Inc. is certified to ISO 9001:2015 & ISO 14001:2015

American Welding Society Certified D1.1

Canadian Welding Bureau Certified

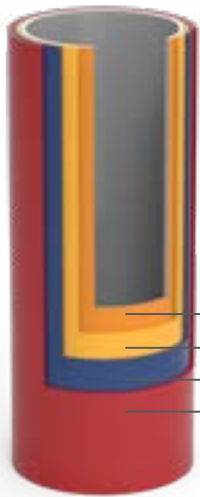

Powder® Coating Institute 4000 Certified

NATURTEK®
Lightweight and durable Naturtek® material is easy to install and maintain, and looks and feels exactly like real trees, rocks, stumps, and logs. Naturtek is made from composite resin, doesn't absorb water, and is UV stable to prevent fading, staining, chipping, and breaking after extended exposure to the elements. Best of all, no touch-ups are necessary because the color in Naturtek is infused throughout the product.

See page 42 for more information.

Posts - Three-Step Finishing
High-tensile, cold-formed steel is fortified by a three-step finishing process to ensure durability, corrosion resistance, and color fastness.

- STEP 1: Zincrich™ internal coating on tubes, including weldments
- TUBING: High-tensile, cold formed steel tubing
- STEP 2: Flo-Coat™ pure zinc galvanizing on surface of tubes
- STEP 3: Polyester dry powder coating for vibrant color

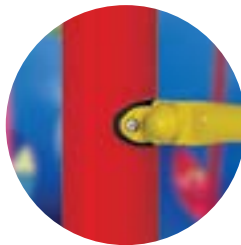

Vinyl Deck Coating
All decks receive a vinyl coating that reduces heat transfer and holds up well against aging and corrosion.

Compound Resin
Compound resin gives rotomolded products superior impact strength, durability, color, and UV resistance.

Steel Clamps
Kid Builders® structures utilize a non-slip clamp design that is two times stronger than aluminum alloy clamps and features tamper-resistant hardware.

Direct Connect
Play Builders® structures feature the Direct Connect system that provides a unique dual-tempered fastener, adding strength and durability to the self-drilling tip and threads.

Here are a few of our funding options. For more information, contact your local Little Tikes Commercial representative.

NCL Government Finance Program
As the only Sourcewell-awarded vendor of government financing programs, National Cooperative Leasing (NCL) can ensure you get the highest quality playground equipment with the best tax-exempt municipal financing available. This exclusive opportunity is available to anyone within Sourcewell's cooperative membership. Ease budget concerns and amplify the power of cooperative purchasing with this competitively-bid financing opportunity.

Sourcewell
Little Tikes Commercial is proud to partner with Sourcewell, a national cooperative government partner that focuses on your success by giving you a less complicated way to purchase what you need. By handling the competitive bid process for you, Sourcewell enables you to satisfy local bid requirements quickly and effectively.

NASPO
Little Tikes Commercial is a proud member of NASPO ValuePoint; a national cooperative that facilitates public procurement solicitations and agreements through a lead-state model. With this program, public entities are able to enhance their purchasing power to receive the best quality products and services.

Canoe
We're proud to partner with Canoe Procurement Group of Canada, one of the largest cooperative purchasing groups in the country. Together, we provide cooperative purchasing that streamlines the procurement process while satisfying all legal purchasing requirements.

Plastic Colors
Produced with a compound resin, UV stabilizers, and anti-static guard for superior color fastness, strength, and durability.

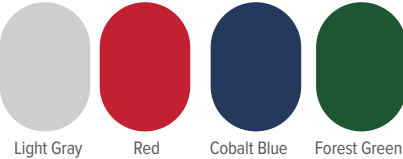

Compression Molded Plastic Color Combinations

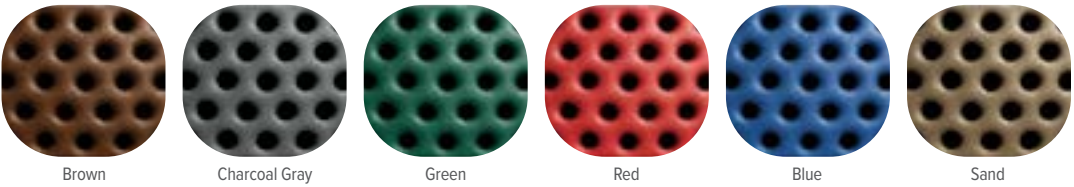

Belt Swing Seat Colors

Tire Swing Colors

Vinyl Coating Colors
Available coating colors for decks, steps, ramps, and bridges are shown below. Some colors are not available on certain structures—see your representative for details.

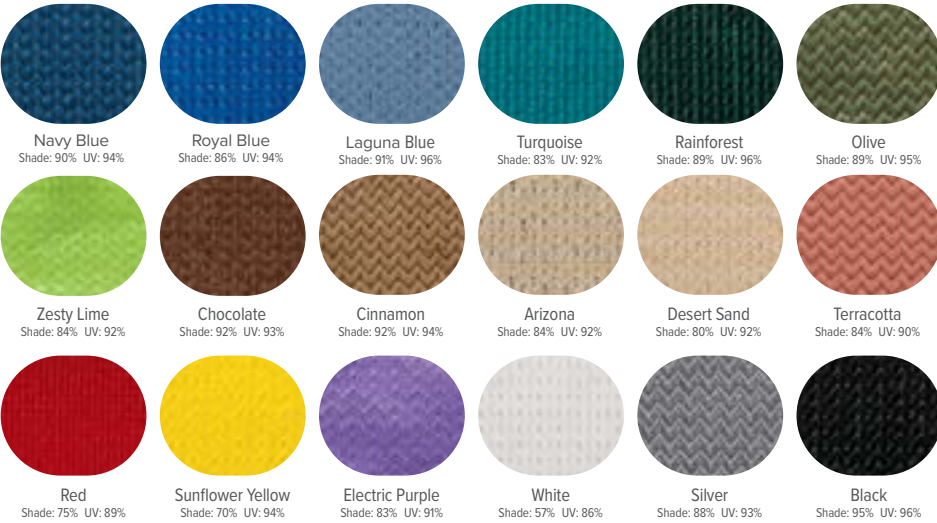

Post and Accent Colors
Achieved with a multi-layer paint application process that combats rust/corrosion and ensures a long-lasting finish.

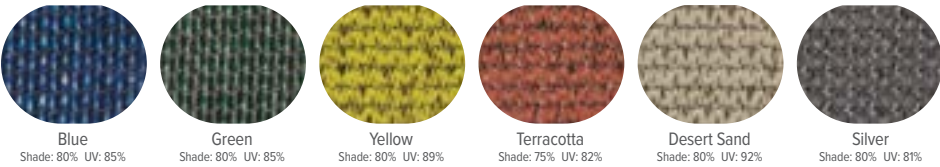

Rope Colors

Shade Fabric Colors

Shade Fire Retardant Fabric Colors
Rated the best fire retardant shade fabrics in the industry and they tolerate exposure to harsh and extreme outdoor elements. These fabrics also conform to and exceed California's State Fire Marshall Flame - RETARDENCY Test and the NFPA701 Standard Methods of Fire tests for Flame Propagation.

Colors are subject to change without notice. The color swatches are for reference only, and are an approximation that do not reflect the properties of physical materials, and can vary when printed. For more information on color samples and the most up-to-date specifications consult your local representative. Little Tikes Commercial uses high quality materials and state of the art manufacturing processes. Commercial playgrounds and products are subjected to years of environmental and solar exposure. Such extreme exposure takes its toll on paints and pigments, and all colors will fade over time. Little Tikes Commercial does not warrant against color fading or discoloration. It is important to properly maintain your playground to ensure its longevity. Depending on environmental conditions at your location, the installation of fabric shade structures may help to delay fading and discoloration.

Reds and Yellows and Blues—Oh My!

From the brightest of blues to the hottest of reds, Little Tikes Commercial's color palettes help you achieve the intended narrative for your project. Maybe you're looking to design a jungle-themed playground with sunlit greens and blossoming lavender, or maybe you're aiming even higher, searching for sky-rocketing silvers and extraterrestrial purples. Color choice can make the difference between an aquatic adventure and a trek across the Sahara. It also can set the tone, establishing either an active adventure space or a soothing quiet zone. Color impacts the playground in as many ways as there are shades—luckily, we have the tools to help you find the best

Sunny Days

To choose your palette, pick a color for the main structure, and then post and accent colors to complement your main choice. Differentiating the details by choosing specific shades, vinyl, ropes, and even belt swings can also help your play space look and feel more cohesive. Contact your representative to learn more about how your choices of color and material can make an impact.
